SUMMARY

I am a motivated and technically proficient individual with a passion for web development. Skilled in both frontend and backend technologies, I approach challenges with creativity and determination, eager to contribute to diverse projects and further develop my skills in a dynamic environment.

TECHNICAL SKILLS

Programming Languages: Java, C++, JavaScript, Python, C#

Technologies: HTML, CSS, React, Bootstrap, jQuery, Spring Boot, Spring MVC, Hibernate, .NET, Docker, Amazon EC2, Hadoop

Databases: MySQL, PostgreSQL, MongoDB

Concepts: Data Structures and Algorithms (DSA), Operating Systems, Computer Networks, Database Management Systems, AI/ML (basic understanding)

Tools: Postman, Git, GitHub

EDUCATION

B.Tech in Information Technology

Dharmsinh Desai University

CPI: 8.44

HSC

Nirmal Science School

Percentage: 95.67

SSC

Nirmal Vidhyalaya Morbi

Percentage: 94.67

PROJECTS

Eventic

YouTube Demo

React, Spring Boot, MongoDB

Developed a platform for event management, including browsing events, ticket booking, payment processing, ticket receipt, feedback submission, event creation, analysis retrieval, QR ticket scanning, attendance management, feedback review, and photo posting.

Doctor Appointment System

React, Spring Boot, MySQL

Created a system to manage doctor appointments, with CRUD operations for administrators, patient registration, and doctor appointment status updates.

Employee Management System

Spring Boot, HTML, Bootstrap, PostgreSQL

Built an Employee Management System using Spring Boot and jQuery AJAX with Bootstrap 5, including CRUD functionalities and seamless database management.

ACHIEVEMENTS

Completed SSIP Project: Smart Security Wrist Band.

Won gold and silver medals in girls' cricket tournaments.

CERTIFICATIONS (CLICK TO VISIT)

AWS Academy Cloud Foundations

Getting Started with Artificial Intelligence

HOBBIES

Traveling, dancing, playing outdoor games(especially cricket).
